

08/11/21

<Name>,

I wanted to take a moment to express my gratitude for your generous contribution to our 6th Annual 5K9 Mutt Strut for PAWS! Last year was obviously a wildly different experience. Nevertheless, we resulted in us raising \$7715.85 for Partners for Animal Welfare (PAWS)! That was about \$3,000 shy of 2019, so we have our goals set high this year to try and make up for the deficit.

Despite the challenges, we still had 36 participants that joined our virtual race. Pat Layden was the 1st place winner with a time of 31:30. The fastest female racer, Virginia Mosco, wasn't far behind with a time of 32:43.

We are working on moving back to the traditional format of in-person racing. Our expectation is a great turn out since everyone is excited for the return of engaging activities. We are happy to have our sponsors join us on race day to engage potential consumers. Otherwise, please feel free to send any goodies, fliers, or other promotional material that we will place in their race packets. We plan to utilize the Pelican cooler as our incentive again this year. However, we are open to suggestions if anyone has other ideas!

The money raised during the event went to fund a medical-needs program for PAWS, instead of the spay and neuter program (which is still being funded by other means). Due to lack of funding, the medical program had been placed on hold years ago. Now, all local veterinarians can request money from PAWS to help a patient whose owners would be unable to afford treatment otherwise. If you would like more detail on the logistics of this program, I am happy to have a conversation with you.

Again, we are truly grateful for your support and generosity, as it enables us to better serve this community and its pets. As we gear up for another race on September 18th, we look forward to working with you! Please see the following pages about sponsorship levels and our sponsorship raffle prize!

Thanks!
